To Whom It May Concern,

I am writing this letter on behalf of Karen (Joy) Foster of Kimberlite Enterprises who completed a presentation at Holy Trinity School. It was requested of Ms. Foster to present a two hour evening presentation to Holy Trinity's parent community. The purpose of Ms. Foster's presentation was to present strategies for additional effective communication with children. Ms. Foster was included in our parent education speaker series and her presentation titled "*Parents Curtain Call Please*" (*Communicating with your Child*) was very well received.

In communicating with Ms. Foster prior to the presentation, Ms. Foster discussed that her goal was to tailor the presentation to the needs of our school community. She informed me that she wanted to complete a presentation that addressed the needs of our parent body as well as the needs of our parent education committee. The evening proved to be a success in that Ms. Foster's presentation was extremely informative and very well presented. Ms. Foster presented her material with both intellect and humour which was very much appreciated by her audience. The feedback that I personally received from parents was excellent.

In my interactions with Ms. Foster I found her to be wonderfully enthusiastic and passionate about children and ways in which we can become more effective communicators in our relationships and capacities with them. To support her concepts and ideas she recited many examples which were very helpful.

Additionally what added to the success of the evening Ms. Foster's attention to ensuring each participant's questions were answered. Ms. Foster remained after the presentation for an hour to ensure she got to all of the parents questions.

I would not hesitate to recommend Ms. Foster to any individuals considering booking her to facilitate a workshop or presentation. Ms. Foster presented herself as a dedicated, intelligent committed individual with a wonderful passion for her work and we were very happy in our interactions with her.

Should you have any questions please do not hesitate to contact me directly for follow up. I would be more than happy to discuss our satisfaction with Ms. Foster and her work.

Kind Regards,

Tracy Howard,
Head of Guidance
Holy Trinity School – Richmond Hill, ONT
