

Joy Foster-Motivational Speaker

Last week we welcomed a very powerful woman into our school to speak to all of the middle school students. Our grade seven class was lucky enough to attend Joy Foster's fantastic presentation! Joy's positive and outgoing attitude immediately captivated our attention. The way she spoke to us was kind and nurturing. She really made us feel like we could DO anything and BE anything we put our minds to. Joy showed us how to believe in the power of our own thoughts and that we have the ability to choose our own path in life. Her voice was so genuine and powerful. When we left the presentation we all felt like we were SMART, SHARP and SUCCESSFUL! Everyone in our class agreed that her presentation was the BEST one we've ever had at our school and that we want her back again! We loved how she shared her personal experiences with us because it showed us that everyone needs support and encouragement at one time or another. Another thing we LOVED about the presentation was that she made it interactive by involving students from the audience. When the presentation was over we couldn't stop talking about how much we loved Joy and how wonderful she was. The cool thing about the presentation was that it inspired each of us in different ways. Everyone in our class was able to make Joy's presentation personally relevant by applying her advice to their own life, whether it had to do with bullying, body image, academics, attitude, or family values. If we had to sum up Joy's presentation in one word it would be: SENSATIONAL! We think every student should have the RIGHT to hear Joy Foster speak!
