THE CORE (FAMILY)

Two-part Presentations @ 1.5 hour

Family is the core for all families to secure, keeping safe at all times. During my upbringing as a child, I have experienced dysfunction and dealt with the long ramifications of pain throughout my young years.

Today, I am proud mother (parent) to our wonderful and talented son who enriches our lives each time we meet as a family. Shaun and I hold our family values very dear to our hearts, keeping all negativity or interfering with our home.

Once you become a parent it is a duty to respect and walk with seriousness throughout your journey even until your precious gems live their home.
